Please take the time to review and explore the links provided above to familiarize yourself further with the ADRN concept. Please feel free to contact any AAA8 staff with any questions that you have or clarification you may need to help toward the progress of the ADRN.

SE Ohio ADRN Network of Care Service Directory

The AAA8 Service Planning Packets that were used to populate resource/service/agency data on the SE Ohio ADRN Network of Care are listed at the following link on the AAA8 website by county. <http://www.areaagency8.org/directory>

This is the only information that was furnished to Trilogy Integrated Software, Inc. to create the SE Ohio ADRN Network of Care Service Directory. Any additional information noted in the SE Ohio ADRN Network of Care Service Directory has been obtained through web searches performed by the Trilogy Team.

If incorrect information is contained in the SE Ohio ADRN Network of Care Service Directory, please cross reference with the AAA8 service planning packet. If the incorrect information does not appear in the planning packet, the information was obtained through a web search indicating that incorrect information for your agency is posted on the internet, somewhere. AAA8 staff will be happy to assist you in making changes to the SE Ohio ADRN Network of Care site to ensure accuracy in the service directory information.
